Don't let this happen to you

The #1 Choice for Securing Overhead Loads

- Rack-Strap[®] holds on when rope and rubber cords fail.
- Easy to use – Takes only seconds to secure an overhead load.
- Saves valuable time and effort - it will pay for itself.

- Eliminates the ongoing purchase of tie-down materials.
- Excellent in cold weather.
- Enhances company image with its professional look.

Rack-Strap[®] works on the loads you carry:

- Pipe
- Ladders
- Lumber
- Masonry materials
