

Made In U.S.A.

X-2000 PLATINUM SERIES TRUCK LIDS

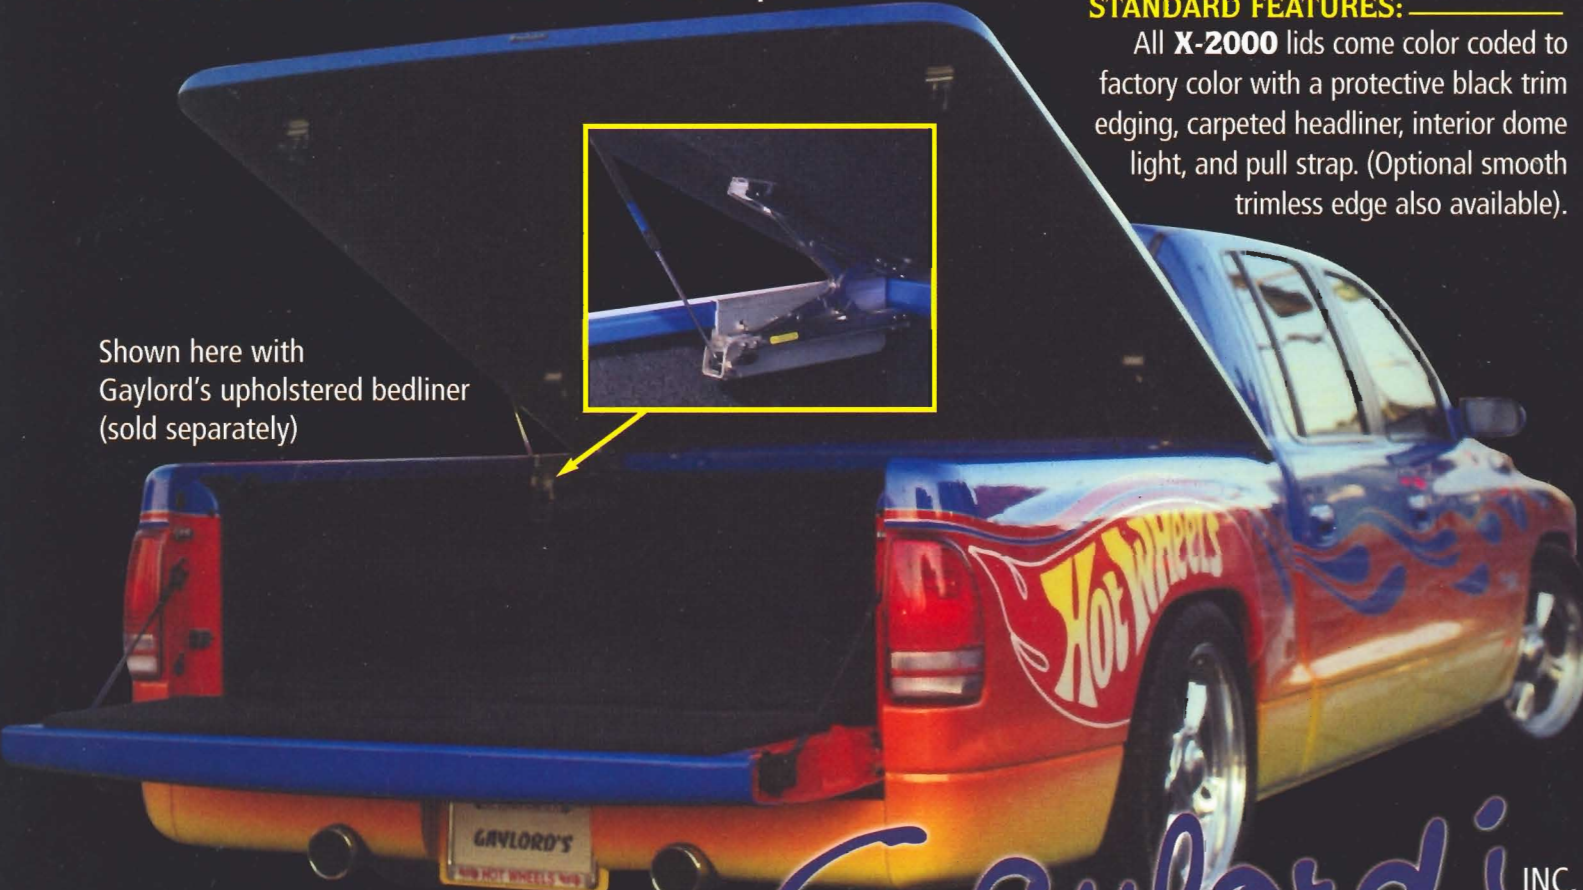

With its contemporary styling, unequalled technology, and patented E-Z LiftSM hinge system, the new **X-2000** offers you the sleekest, easiest to operate fiberglass lids around! **Our hinge is the difference!** All of our **X-2000** lids come with our new stainless steel constructed, frameless, clamp on hinge system which eliminates drilling into your truck!

- The E-Z Lift hinge system requires 50% less effort to open and doesn't slam shut like other lids!
- Unique hinge system allows our lid a full four sided wrap around weather resistant seal!
- The self contained hinge comes with repositioned shock mounts for easier access into your truck bed!
- New extra heavy duty locks provide the ultimate in security!
- Removes and re-installs in seconds! No tools required!

STANDARD FEATURES: _____

All **X-2000** lids come color coded to factory color with a protective black trim edging, carpeted headliner, interior dome light, and pull strap. (Optional smooth trimless edge also available).
